FOREWORD

The beauty and charm of the modern daylily make it one of the most fascinating of all perennials. So little effort and such big reward! No known disease, no spraying needed. A wide range of gorgeous colors. By carefully selecting your varieties you may have bloom from Iris time to frost.

The culture of daylilies is very simple. They grow in any kind of soil, on dry slopes, or in the shade of trees or pools. Plant them shallow with plenty of room for their roots to spread. Of course you will be well rewarded if you use a bit of bone meal or compost, and water as needed. Leave them undisturbed for several years if you want the best performance.

Daylilies may be planted during spring, summer and fall. If planted in the fall be sure to plant early enough for roots to become well established before a freeze.

FENWOOD GARDEN GUARANTEE

We guarantee our plants to be from healthy and vigorous stock, of first class size and quality, true to name, freshly dug and to reach you in good condition. We use every precaution to avoid mistakes, but should one occur notify us immediately and we will gladly make adjustment.

Our greatest desire is to satisfy each and every customer to the best of our ability. We welcome a word from you if we have reached this goal. If we can help you solve any daylily gardening problems—call upon us.

ANNIS VICTORIA RUSSELL*(Russell)*

One of the most beautiful of all day-lilies. Soft canary yellow. Green crinkled foliage. Blossoms as large as 7 or 8 inches across, with many flowers on each stem. 4 feet.....\$1.00

AUGUST PIONEER*(Stout)*

A multi-flora variety. Soft buff orange coloring. Beautifully branched stalks. Fine form. Very desirable because it blooms in late summer when blooming perennials are scarce.....\$1.00

BARONET*(Stout)*

Petals and sepals a sprightly fulvous red, blending into orange throat. Semi-rounded flowers are recurving. The sharp contrast of the two colors is most pleasing. Stays open well into the evening and often repeats bloom in the fall. 2½ feet.....\$1.00

BELLE OF GEORGIA*(Russell)*

Rounded pale yellow blossom, overcast with a rich peachy glow. Wide petals and sepals. Heavy texture. Very lovely pastel effect.....\$1.00

B. H. FARR*(Stout)*

Large pink-toned daylily, often described as pink over buff. Sometimes blooms very pink in tone. Petals have deeper veins.....\$1.00

BROWN EYED SUSAN*(Eleanor Hill)*

Rich golden yellow, with a very precise eye-zone of brown or mahogany shade.....\$1.00

BUCK EYE*(Stout)*

Clear orange with large spot of mahogany red. Flowers are full. Blooms early in June with the late Iris. 3 feet.....\$1.00

CABALLERO*(Stout)*

Sharply contrasting. and very beautiful bi-color. Petals vermillion red, throat and sepals golden yellow. A tall, gay and brilliant addition to the summer garden. Its form reminds one of a huge butterfly. This is one of the outstanding varieties in the day-lily world. 3½ feet.....\$1.00

CANARI*(Nesmith)*

Satin finished flowers of palest canary yellow. Large and open. Beautiful form and excellent branching. Very desirable.....\$2.50

CHANTICLEER*(Wheeler)*

Bright crimson self, with a purple sheen. Throat and petal mid-ribs are orange. Very lovely.....\$3.00

COMET*(Russell)*

Splendid bi-color with 6 or 7 inch flowers. Good carriage. Petals are rose salmon with deeper rose eye-zone. Sepals are lemon. 3 feet.....\$1.00

CRAEMORE RUBY*(Plouf)*

Large intensely clear ruby red blooms with yellow green throat blending to deep ruby red.....\$1.00

CREAM FRILLS*(Hill)*

Vigorous free blooming large pale cream colored blossoms. Very frilled. Outstanding.....\$2.50

CRYSTAL FAIRY*(Russell)*

Medium sized flower of pale salmon flesh color. Very lovely.....\$1.50
